

Women-Owned Agility Bank Announces Interim President

HOUSTON, TX – April 8, 2026 – Houston-based Agility Bank, N.A. announced today that veteran banker and Chief Operating Officer Melodie Harris has been appointed as interim president. Harris will serve in the role while the board of directors conducts a search for a chief executive officer.

“Melodie has been with our women-owned bank for two years and has been a crucial member of the leadership team during a very strategic growth period,” said Edna Meyer-Nelson, chairwoman of the Agility board of directors. “Her alignment with our vision and leadership of our people make her the right choice to serve as interim president as we take the time to identify a CEO who can help us sustain our momentum. Having Melodie in this role is a big win for the bank.”

Harris brings more than 35 years of banking experience to Agility. As COO, she streamlined bank operations and worked closely with other department supervisors to execute the bank’s day-to-day strategies and initiatives. Harris will continue to serve in this role while also fulfilling the interim president position.

Harris assumes the role following the departure of Rodney Nabors, who served as president of Agility since August 2023.

“We are thankful to Rodney for his service during the early days of our bank,” said Meyer-Nelson. “He served our customers and shareholders, and we wish him well in his future endeavors.”

About Agility Bank N.A.

Agility Bank is the first primarily women-owned and led bank created for this purpose in the U.S. awarded a special Minority Depository Institution national charter by the Office of the Comptroller of the Currency. With focus on community business banking, the bank serves all small and medium-sized businesses. Houston-based Agility provides a flexible digital-based platform that is as close to a fintech banking experience as business owners may need or want. Coupled with knowledgeable bankers, clients have access to personalized service powered by robust technology. For more information: www.agility.bank
